New Computer Specifications

These are the basic minimum specifications for a new/used computer:

Processor: 1Ghz or higher (most new computers come with 1.8 Ghz to 3+ Ghz)
RAM: 256MB or higher
Hard Drive: 20GB or higher (big as you can afford)
Network: 10/100 Ethernet NIC
CDROM: 48x CDROM
FLOPPY DRIVE
OS: Windows 2000 or Windows XP

EXTRAS (these are extra goodies that are nice, but are not necessary)

CD/RW - to burn data and music CDs
Wireless Network Card 802.11b or 802.11g to access some of the Wireless access points on campus
(i.e. Koch Center, Library, and Jazzman’s have some wireless access points.)

I would also like to make you aware of the Dell agreement that we have on campus.
Student can take advantage of special pricing and discounts on Dell Desktop and laptop computers.

Special Offer For The University of Evansville:

Dell Computer Corporation and the University of Evansville have teamed up to offer you the benefit of participating in the Dell University Program in which you can receive up to 10% off of your Dell purchases. This offer is extended to all University of Evansville faculty, staff, and students.

The Dell University Program gives you the opportunity to purchase a new Dell home system for 5%-10% off of Dell's normal prices. To view the list of computers and accessories that Dell offers, visit the Dell University Program. You can place your order online or call a sales representative at 1-888-987-3355 to assist you with your purchase.

Any new computer purchase from the Dell University Program can be delivered directly to anywhere of your choice whether it's your home or your campus address.

*In order to receive your exclusive University of Evansville discount, you must reference the University of Evansville member ID: **US22345197**.
